EXPERIENCE

Uber Eats

Strategy & Planning Coordinator, LatAm

Strategy & Planning Intern, Central & South America

Santiago, Chile
Jul 2026 – Present
Sep 2025 – Jun 2026

- Built an MCP knowledge bridge that lets the team's AI agents find queries, MCP servers, docs, guides, decks and skills, turning know-how held by a few people into shared, searchable context.
- Built a data-driven diagnostic comparing order dynamics across early-stage and mature stores, identifying operational bottlenecks and flagging commission overcharges.
- Developed dashboards, reporting and topline forecasting assets that reduced recurring analysis and standardized planning inputs for the sub-regional S&P team.
- Reached out to and onboarded 4 new restaurants in 5 business days during an internal acquisition sprint.
- Supported analysis for a new-vertical expansion in Chile, restricted assortments across Andean, Central American and Caribbean markets, and onshoring scenarios for a Central American market.

Pontificia Universidad Católica de Chile

Lead Teaching Assistant, Manufacturing Processes

Teaching Assistant: Software Engineering, Optimization, Calculus, Programming

Santiago, Chile
Jul 2024 – Dec 2025
Mar 2022 – Jul 2025

- Coordinated with faculty and the TA team; designed evaluations, the course calendar and student guidance.

Robotics capstone: autonomous bench-press spotter

Robotics Engineer

PUC
Aug – Dec 2024

- Led the mechanical design of a safety system that detects a failed rep and intervenes, integrating mechanics, electronics and control logic for under \$100.

EDUCATION

Pontificia Universidad Católica de Chile

Industrial Engineering, Diploma in Information Technologies

Santiago, Chile
2021 – 2026

- Ranked top 1.4% (#13 of 931) by cumulative GPA. B.Sc. in Engineering with distinction; major in Robotics with distinction.
- Academic Certificate in Fundamental Astronomy. Engineering Student Council project team (IntegraCAi).
- National #1 score, University Transition Test (PTU), 2021.

COMPETITIONS

- Finalist, BCG Case Competition (2026).
- Finalist, Banco Itaú Trading Challenge (2025): built and executed a trading strategy in a live-market simulation.
- Platanus Hack (2025): built and launched an AI personal financial analyst MVP in a 36-hour sprint.

ADDITIONAL

- Skills: agentic AI (MCP), Python, React, Java, C++, ROS, Fusion 360, LaTeX, Agile.
- Languages: Spanish (native), English (advanced, Cambridge CAE).
- Outstanding Achievement award, National High School Model UN, New York (2019). Volunteer, Cumbres Vive (2019).
- Interests: photography, skiing, tennis, robotics and 3D printing.
